

Web Paint-by-Number Puzzle #1079

A Royal Lady.

created by Marie-Louise Ambrey

Jul 21, 2007

The image shows a 20x30 grid for a paint-by-number puzzle. The top 10 rows contain numbers in various colors (red, blue, green, black) indicating the colors to be used in those areas. The bottom 20 rows are mostly empty, with some numbers in the first few columns, likely representing the puzzle's progress or a key.
