

# Web Paint-by-Number Puzzle #5844

## A SURPRISE

created by Bailey Nelson

May 10, 2009

The image shows a 30x30 grid for a paint-by-number puzzle. The grid is mostly empty, with numbers placed in specific cells to indicate where to paint. The numbers are color-coded: red for 1, blue for 2, green for 3, yellow for 4, purple for 5, brown for 6, pink for 7, light blue for 8, light green for 9, and light purple for 10. The numbers are arranged in a pattern that forms a large, abstract shape. The numbers are placed in a way that they are connected to each other, forming a single large shape. The numbers are placed in a way that they are connected to each other, forming a single large shape. The numbers are placed in a way that they are connected to each other, forming a single large shape.
