Carolina Tradition

created by Jane Butcher

Jan 11, 2014

The puzzle grid is 26 columns wide and 45 rows high. The top row contains the following sequence of numbers: 1. The subsequent rows contain numbers in various colors (red, green, blue, black) that represent different shapes and areas to be colored. The numbers are arranged in a way that creates a complex, multi-colored pattern. The puzzle is designed to be solved by painting the numbers with corresponding colors to reveal the final image.
